

# HEAVY DUTY FORKLIFT BUCKETS

Turn your forklift into a loader and reach places where loaders can't! The Star Industries Forklift Bucket is designed for extendable-reach forklifts, making it easy to place materials in hard-to-reach places like elevated positions and behind high walls.

Quick-Tach style

- Reaches places normal loaders can't
- Choose from two styles: Quick-Tach and Slip-on-the-Forks
- Extra deep bucket to carry irregular shaped loads easier
- Rugged, heavy-duty construction for long life

Slip-on-Fork style

# PRODUCT OPTIONS

## QUICK-TACH

Quick-Tach connects directly to the end of the boom for a safe and strong connection. Removal of the forks and carriage system saves 700 to 1,000 lbs, enabling the telehandler to lift heavier loads.

- ➔ Attaches directly to end of boom by means of telehandler quick-tach
- ➔ Available for most forklifts
- ➔ Extreme Duty available for 15,000 lb or greater forklifts

Gehl DynacARRIER, JCB QFit and Pettibone quick-tachs require HB or HC series buckets.

## QUICK-TACH BUCKETS

Model	Width	Capacity	Weight
1460	60"	0.80 cuyd	± 640 lbs
1460HB	60"	1.00 cuyd	± 754 lbs
1472	72"	1.00 cuyd	± 715 lbs
1472HB	72"	1.25 cuyd	± 840 lbs
1496	95"	1.25 cuyd	± 875 lbs
1496HB	95"	1.65 cuyd	± 1,020 lbs
1496HC	95"	2.0 cuyd	± 1,290 lbs
1496EXD	97"	2.0 cuyd	± 1,850 lbs

## SLIP-ON-THE-FORKS

### DESIGNED FOR 48" FORKS

The universal, slip-on-the-fork model can be used with any make and model of extendable-reach forklift that is equipped with standard 48" long forks. The bucket slides on to the forks and secured with pins behind the heel. Because the forks and carriage remain on the forklift, there's less chance of damage or loss to the forks and carriage. This design features a deeper bucket, making transport of irregular shaped loads easier.

- ➔ Accepts forks up to 7" wide x 2 1/2" thick x 48" long
- ➔ Positive locking system keeps bucket secured to forks
- ➔ Chain & Grab Hook wraps around carriage as a secondary safety measure
- ➔ Bucket approx. 51" deep

## SLIP-ON-THE-FORKS BUCKETS

Model	Width	Capacity	Weight
1400B	60"	1.00 cuyd	555 lbs
1406B	72"	1.20 cuyd	610 lbs
1408B	95"	1.60 cuyd	740 lbs
1408BHC	95"	2.00 cuyd	900 lbs

### Fork Pocket size (pocket ends closed)

Width	Length	Height	Center-to-Center
7 3/4"	48"	3"	38"

**OPTIONAL BOLT-ON BLADE** 5/8" x 8" Double Bevel Bolt-On Blade can extend bucket life 3 times or more. Available on both Quick-Tach and Slip-on-the-Forks style buckets.
