

FORK EXTENSIONS

Get more fork under bulky and awkward loads with a Star Industries fork extension. Install or remove in just seconds.

- ➔ Perfect for bulky loads.
- ➔ Extend your fork length to 72".
- ➔ One operator can install or remove extensions in seconds.

5 REASONS STAR FORKS ARE BETTER

- 1 No shortcuts.**
All forks are forged from a single piece of steel, then fully heat-treated, quenched and tempered for a minimum yield strength of 825 Mpa.
- 2 Certified production methods.**
Welding processes are certified in accordance with ISO 3834-2.
- 3 Rigorous testing.**
Fork heels and welds are subjected to full MPI crack-testing on all welds and the heel area by certificated operatives.
- 4 Full part traceability.**
Each fork is stamped with manufacturer's identification, specified capacity and load centre, week of manufacture and production works order number.
- 5 Standards-compliance.**
All forks are guaranteed to meet or exceed the requirements of the national and (such as ISO2328 and ISO2330 and ANSI ITSDF B56.11.4) with regards to mounting details, load-, fatigue- and impact-tests.
